PROFESSIONAL SUMMARY

Full-stack developer, advanced student of Information Systems Engineering (3rd year, UTN), and near-completion Higher Technician in Data Science and AI. Built "Fletea," a freight and moving platform currently in production (Spring Boot + Angular, payments via Mercado Pago), and developing "MenteSalud," a multi-platform mental health marketplace (Angular web + React Native mobile) with AI-powered triage. Systems Area Coordinator at the Agency for Future Skills (Ministry of Education, GCBA). Strong foundations in algorithms, data structures, and system design.

TECHNICAL SKILLS

Languages: Java, TypeScript, JavaScript, Python, SQL, HTML, CSS

Backend: Spring Boot, Spring Data JPA, Hibernate, REST API, JWT, Flyway, Maven

Frontend (Web): Angular, RxJS, Signals, Tailwind CSS

Mobile: React Native, Expo, TanStack Query, Zustand

Databases: PostgreSQL, H2, Relational Modeling

DevOps & Infrastructure: Docker, Docker Compose, Nginx, Git

Integrations & Testing: Mercado Pago (payments + webhooks), Google Maps API, JUnit

AI / Data: Machine Learning (Scikit-learn), Pandas, NumPy

Foundations & Methodologies: Algorithms and data structures, Object-Oriented Programming (OOP), system analysis, Scrum, Kanban, ClickUp

Languages: Spanish (Native), English B1 (Intermediate)

HIGHLIGHTED PROJECTS

Fletea — Freight and moving platform (in production) 2025

Online freight quotation and booking with integrated payment — CABA and GBA · www.fletea.com.ar

- Full-stack application developed and deployed end-to-end: Backend in Spring Boot (Java 17) with REST API, JWT authentication, and pricing engine; Frontend in Angular 17 (standalone) with scroll-driven animation and address autocomplete.
- Payment integration with Mercado Pago (checkout + webhooks) and distance calculation using Google Distance Matrix.
- Deployment with Docker and Nginx on a PostgreSQL database.

MenteSalud — Mental health marketplace with AI triage In development

Multi-platform (Web + iOS/Android) connecting patients and professionals

- Backend in Spring Boot (Java 21): REST API (28 controllers, 47 services), PostgreSQL with Flyway migrations, JWT, AES encryption of clinical data, and role-based access control.
- Web in Angular 20 (RxJS, Signals, Tailwind) and Mobile app in React Native (Expo) with TanStack Query and secure storage.
- Functionalities: AI triage, appointments and scheduling, peer-to-peer (P2P) payments, video call sessions, electronic health records (EHR), and messaging; tests with JUnit.

WORK EXPERIENCE

Systems Area Coordinator 2025 – Present

Agency for Future Skills — Ministry of Education (GCBA)

- Lead the systems area, coordinating the development, implementation, and maintenance of technological solutions.
- Manage software projects using agile methodologies (Scrum, Kanban) in ClickUp, bridging technical teams and non-technical areas.

Receptionist 2023 – 2026

Regis Hotel S.A.

- Operation of hotel management systems, customer service, and resolution of administrative incidents.

Administrative Tasks 2015 – Present

Family Business (Vehicle Rental)

- Administrative management and business operations control.

EDUCATION

Information Systems Engineering In progress · 3rd year

National Technological University (UTN) — Buenos Aires Regional Faculty

- Key subjects passed: Algorithms and Data Structures; Programming Paradigms; Syntax and Semantics of Languages; Information Systems Analysis; Computer Architecture; Probability and Statistics; Logic and Discrete Structures.

Higher Technician in Data Science and Artificial Intelligence In progress · Graduation Nov 2026

Higher Technical Training Institute No. 24 (IFTS 24) — CABA

- Key subjects: Data Science; Artificial Intelligence Systems Development; Machine Learning Processing; AI Systems Modeling; Project Management.

Bachelor of Natural Sciences

Liceo Naval Militar Almirante Guillermo Brown

ADDITIONAL INFORMATION

- Midshipman of the Naval Reserve (Argentine Navy): training in leadership, teamwork, and discipline under pressure.
- Sailing license (Skipper): sail and motor vessels up to 50 feet.
